## Skills

**Languages:** HTML, CSS, JavaScript, TypeScript, MySQL

**Technologies:** React, Next.js, SASS, Tailwind CSS, Node.js, Express.js, Knex.js, Firebase, Material UI, Power Apps, Power Automate, Dataverse

**Tools:** Git, GitHub, Jira, Postman, Figma, ClickUp, Azure DevOps

## Experience

<b>Software Developer</b> , Ontario Ministry of Health - Toronto, ON	Feb 2025 – Sep 2025
<ul style="list-style-type: none"><li>Developed an app with dynamic data models and implemented logic-driven functionality to meet user needs</li><li>Automated workflows to improve efficiency, reduce manual tasks and minimize errors</li><li>Created high-fidelity wireframes and interactive prototypes in Figma to visualize and refine user experiences</li><li>Documented processes, standards, and methodologies to optimize development practices</li><li>Translated stakeholder needs into functional, user-friendly applications</li><li>Collaborated with cross-functional teams to align solutions with project requirements</li></ul>	
<b>Web Developer</b> , The Verse – Remote	Nov 2024 – Feb 2025
<ul style="list-style-type: none"><li>Developed a fully responsive company website using React, TypeScript, and SASS, collaborating with designers and stakeholders to align on design and functionality</li><li>Created standardized workflow documentation in collaboration with cross-functional teams to improve efficiency and ensure process consistency</li></ul>	
<b>Clinical Practice Leader</b> , Lakeridge Health - Oshawa, ON	Aug 2023 – Jul 2024
<ul style="list-style-type: none"><li>Led the development of an eLearning course, managing resources and timelines while integrating stakeholder feedback to meet project goals</li><li>Oversaw the education and clinical practice of over 30 nurses and 5 allied health professionals, driving improvements in patient outcomes</li><li>Achieved an 18% rise in medication safety compliance by standardizing administration practices</li></ul>	

## Projects

**The Verse Main Website** [versebuilding.com](https://versebuilding.com)

- Developed a fully responsive website using React, TypeScript, and SASS, focusing on front-end functionality
- Collaborated with designers and stakeholders to ensure optimal user experience

**Portfolio** [lilye.dev](https://lilye.dev)

- Developed a responsive portfolio website to showcase projects, technical skills, and experience
- Used React and TypeScript to create a scalable and type-safe app, along with SASS for reusable styles

**MoodCompass** [mood-compass.vercel.app](https://mood-compass.vercel.app)

- Developed a full-stack mental health app with user logins and resource favouriting, using React and SASS
- Created a MySQL database for efficient storage and retrieval, using Node.js for server-side logic
- Integrated Firebase for user authentication and authorization, using React Context for user state management

## Education

BrainStation – Diploma in Software Engineering	Sep 2024
Toronto Metropolitan University – Master's in Nursing, Leadership in Health Policy and Education	Jun 2023
Toronto Metropolitan University – Bachelor's in Nursing	Jun 2018
